H. E. Abdulaziz Al-Rashed

I would like to convey to your Excellency my appreciation and gratitude for participating in the proceedings of the first meeting in Abu Dhabi of the Committee for Studying the Standards of Accounting and Auditing as a Consultant for the GCC Secretariat, and also as an organizer for the project. I am really quite thankful for your efforts in the Committee and the two technical teams which emanated from it.

I was informed by the delegation of the GCC Secretariat that your effective participation played a great role in clarifying to the participants the whole picture and disclosed the importance and significance of establishing accounting and auditing standards for the Gulf Cooperative Council member states.

Thank you and best regards,

Abdulla Yaqoub Bushara  
Secretary-General of the Gulf Cooperative Council
